

OKLAHOMA'S GOVERNMENT IS BROKEN. LET'S FIX IT!

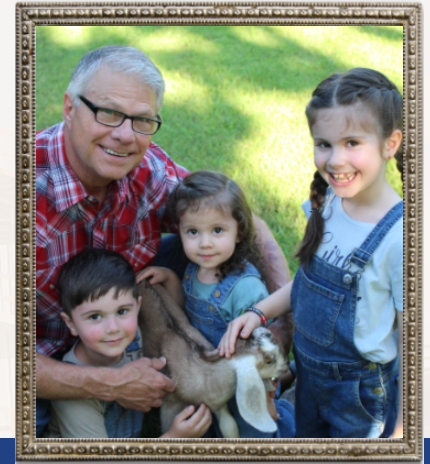

MAGA REPUBLICAN KENNY SMITH FOR SENATE DISTRICT 4

When the developers of the multimillion-dollar Carlton Landing community needed someone they could trust to oversee their massive project, they didn't call a politician—they called a builder: Kenny Smith. He delivered, just like he always does. Now, it's the voters' turn to call on Kenny—to send someone with real-world, proven experience to the Senate.

Oklahoma government needs rebuilt. Appropriations are at an all-time high—over \$12 billion—but waste, corruption, and policy disasters are still running the show. DHS is woke and broken. Mental Health is melting down. Turnpike tolls are spiking. Punitive property taxes

punish the people. And the incumbent politicians are either too compromised or too clueless to fix it.

Kenny Smith has the backbone to stand up to the bureaucracy and importantly, the experience to get it under control. He'll reject every dime of lobbyist money—unlike our liberal incumbent Tom Woods, who's taken thousands from lobbyists and their PACs while, according to The 2024 GOP Platform Index, voting against Republican principles nearly two-thirds of the time. Kenny Smith is a builder, not a politician—and with your vote on June 15th, of 2026, it's time for a builder to reform state government from the ground up.

KENNY SMITH: A BUILDER, NOT A POLITICIAN

KENNY SMITH'S MAGA BLUEPRINT

KENNY
SMITH
FOR **STATE SENATE**

**A Builder
Not a Politician**

CLEAN HOUSE IN STATE GOVERNMENT

From DHS to Mental Health, state government is broken—Tom Woods and the career politicians have failed to fix it. It's time for performance-based budgeting and an experienced but reform-minded new senator with the courage to clean house and deliver results. That person is Kenny Smith.

PUT AMERICA FIRST—IN EVERY POLICY

Kenny Smith will stand strong against the illegal alien invaders; oppose the barbarism of woke ideology in our schools; defend the unborn; and stand firm for free speech, property owners' rights, and the Second Amendment. He strongly believes in food freedom, patient rights, and Make America Healthy Again—promoting natural healing with garden-grown remedies, clean meats, and pesticide-free produce, while protecting Oklahoma farmland from chemical contamination and keeping our food supply local, healthy, and free from corporate tampering.

DOGE GOVERNMENT SPENDING

To DOGE government, we have to start by replacing the failed incumbents. Woods voted for spending bills that have blown the roof off of state spending. **He backed a \$218 million giveaway benefiting an Italy-based multinational corporation, ENEL.** It's at the cutting edge of the "green energy" invasion of our state. Woods' vote was five days after the proposal was filed on a weekend. The public never had a real chance to weigh in. Then, Woods completely **missed the vote** on the **\$255 million giveaway to a UAE multinational.**

LOWER PROPERTY TAXES

Property taxes are legalized government rent—even after you've paid off your land. That's wrong. Kenny Smith says it's time to end the scam. We should use every penny saved through DOGE to slash property taxes and give power back to the people—not the bureaucrats.

NO LOBBYIST MONEY

Lobbyist cash turns conservatives into big-government liberals. That's why so many "*Election Season Republicans*" talk conservative to get elected—but vote against our values once they're in office. Kenny Smith will stand with us, not the lobbyists. To prove it, **he'll always reject their money**—no matter how much they offer. It's thousands of dollars left on the table, but it's worth it—because doing the right thing isn't for sale.
